How Open Source CMS

need to change to survive

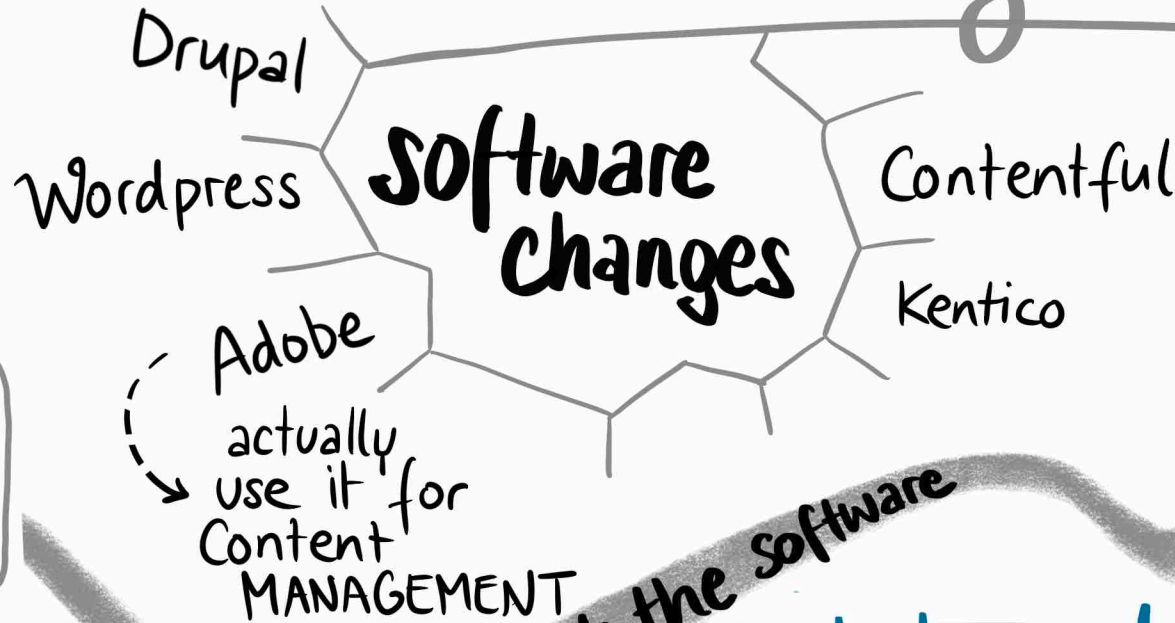

TYP03

How are we?

Let's solve the RIGHT PROBLEMS...

Strategy is easy, execution is the point

more Sustainable Web

less Reinventing the wheel

AI will eat the software

look beyond the product

be part

follow the money

Agencies that leads the way

We need:

Vertical Solutions

Like GSB11

Look beyond Europe

Speak the language

clear product Strategy

Study the CMS books

Are you hungry for the next Change?
